

Dear friends and family, greetings and hugs! We thank you once again for your prayers and financial support for our trip to Cuba after three long years of waiting to be able to go again. Our newsletter is in the form of a PowerPoint presentation saved in PDF format so that it doesn't take huge memory to send.

However, because of its size, it is too big to post on our website, so we are sending you the google drive link! Thank you always for being a part of our ministry and lives!

Blessings, Pablo and Martha
