Dear friends and family –

Just a quick note to ask for your prayer support today (Saturday, August 25, 2012)!

Today we are having a very large event here in our community. Three of the churches here on the mountainside of Ensenada have gotten together and are showing the movie "To Save a Life." It will be shown open air and our music group will be playing music to kick off the evening. We are expecting people to come from all over the hills for a "free movie." Posters have been hung, tickets and flyers have been delivered door to door and a car with a blow-horn will be driving all over announcing the event as we set up.

A special speaker is coming from out of town that will give his testimony and an application at the end of the movie. His name is John Alvarado and he will share about when he tried to take his life, the path to healing, and the radical changes that have happened in his life afterwards. Please pray for travel safety as he drives a couple of hours each way.

Pablo and a team of guys will be setting up chairs, sound equipment and the projector. Pablo will also be the emcee for the event. I have been working in the background organizing people and translating a 5-week follow-up study that will be held in each of the participating churches with our Jr. High and High School groups. There is a team of 16 people that are coordinating this event.

We have been praying and planning for this event for the

past two years and we are so excited for what God is going to do! Please pray for every detail of the evening. Pray for each person that will come to see the movie and hear the music and testimony. Pray for softened hearts and responsiveness. Please pray for all the youth that will go through the follow-up study and be challenged to NOT stay the same – to not be a "benchwarmer" Christian but to be a Christian that lives by convictions; to be a force of radical change in their families', in their schools, with their friends and in dating relationships.

Thank you for your prayers! This day will be a success not because of any human effort but because of the prayers of His people and for the divine answer to each of those prayers.

Blessings,

Pablo & Martha
